

How to use IIIF viewer: Mirador

1. Basic usage of Mirador

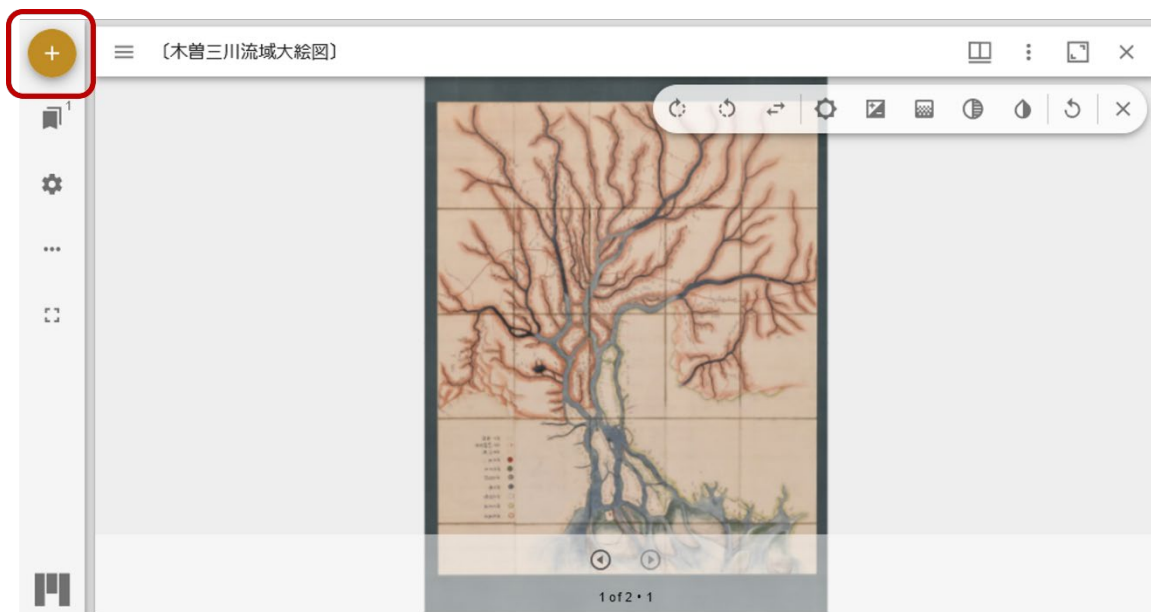

①	You can display the zoom buttons and change the on-screen language. You can zoom by clicking on the image or by using the mouse wheel.
②	You can display it in full screen.
③	If the document has multiple pages, you can turn the pages.
④	You can display in gallery (multiple pages on one screen) or thumbnails.
⑤	You can rotate, flip, adjust brightness and saturation of images, etc.

⑥	Displays detailed information about the material, such as the title. The above is the state after clicking ⑥.
⑦	You can download the images.

2. How to display multiple images side by side using Mirador

① Click the + button.

② Click on the "Add Resource" button.

- ③ Enter the IIF manifest*1 of the documents you want to display side by side in the box at the bottom of the screen and click the "ADD" button.

* 1 IIF Manifesto

The IIF Manifesto is displayed in the bottom right corner of each document's details screen on this site.
