

How to use IIIF viewer: Universal Viewer

①	If the document has multiple pages, you can turn the pages.
②	From left to right, you can "enlarge," "reduce," and "rotate" the image. You can zoom by clicking on the image or by using the mouse wheel.
③	You can download images.
④	You will get the URL for the content and an HTML tag to embed it on your website.
⑤	Gallery display (displaying multiple pages on one screen) is possible.
⑥	You can view detailed information about the content (book title, author, etc.).
⑦	You can display it in full screen.
